| EYES: Flush with water for 15 minutes. If irritation persists, seek medical attention.   SKIN: Wash with soap and water. If irritation persists, seek medical attention.   INGESTION: Do NOT induce vomiting in order to avoid aspiration into lungs. Seek medical attention immediately.   INHALATION: Remove to fresh air. Administer oxygen if breathing is difficult   Note to Physician: If lavage is performed, suggest endotracheal and/or esophageal control. Do not administer sympathomimetic drugs unless absolutely necessary.
